ONECAUSE®
POWERFUL FUNDRAISING SOLUTIONS

ONECAUSE CONNECT
A Salesforce App

OneCause Connect offers organizations an easy way to fundraise with OneCause and manage donors directly in Salesforce.

Designed to work with the Nonprofit Success Pack this integration offers several efficiencies for our customers:

- Acknowledge donors in Salesforce who purchased tickets, made donations or won auction items through OneCause.

- Works easily with custom and standard fields allowing you to control your data.

- Add new supporter data seamlessly into Salesforce for those guests registered with OneCause.

- Update existing donor contact information obtained via OneCause to insure data is current.

- Built in de-duplication features keep your data clean.

- Eliminate the risk of data errors associated with external tools such as CSV or Excel.

- Sync OneCause supporter/attendee data with Salesforces campaigns.

OneCause Connect Set-up is as easy as 1, 2, 3!

1

Install the OneCause Connect
App on the Salesforce
App Exchange

AVAILABLE ON

salesforce appexchange

2

Authorize your OneCause Connection to Salesforce

3

Map your Fields & Import Data
