Preparing for Success

Raise[®]
2021

The success of any peer-to-peer campaign relies on the **energy** and **momentum** created by your **Social Fundraisers**. It's time to make it social, mobile, and **FUN!**

Leading up to the event...

- How clear is it to your participants that the primary goal of your event is to raise money?
- Are you marketing it this way or are participants seeing this as a “fun” way to be charitable?
- If your metrics are under the benchmark, consider increasing the visibility and frequency of fundraising communications, tips, and coaching to your participants throughout the campaign, not only a few weeks before.

FUNDRAISE TO SAVE LIVES!

HERE'S THE SKINNY

We hope that attending the event will just be a starting point. After you purchase your Woofstock 2021 tickets, create a personal fundraising page to help event more animals in need!

Building or joining a Woofstock fundraising team is a great way to come together with family, friends, or co-workers to support Washington Area Humane Society!

The more money you raise, the more animals we will be able to help. Just a little bit of money from a handful of people can really add up and help us give the orphaned, abused, and neglected animals of Washington County a second chance.

We have put together some helpful and easy fundraising tips to get you started. View our [FUNDRAISING GUIDE](#).

Get ready to take this event **TO THE MAX!**

Need help building your fundraising page? Contact Taylor Duda for assistance.

Updating your participants on their progress can be a motivator for them to fundraise or engage more!

90%

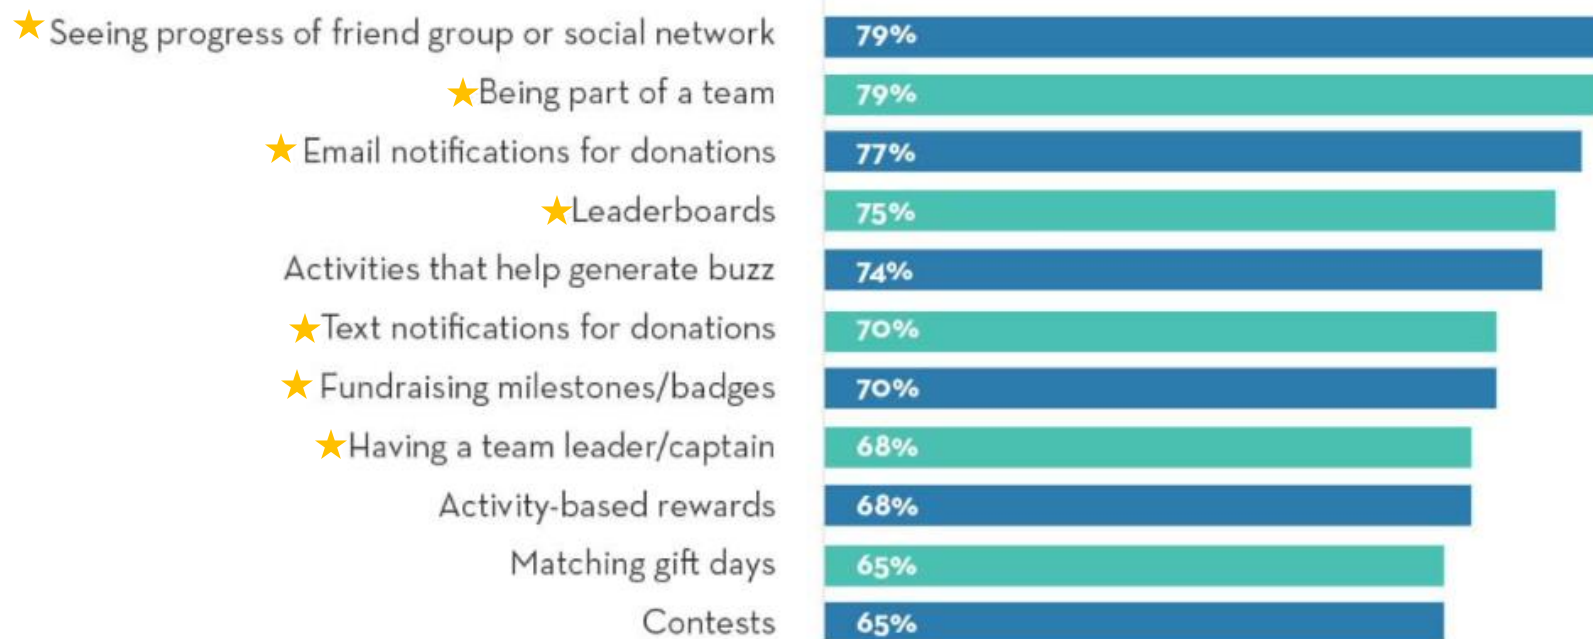

of those who checked their progress at least daily met or exceed their goals.

OneCause Giving Study, 2020

TOP MOTIVATORS

Motivating your Social Fundraisers means designing a good mix of motivators to set your participants (and organization) up for success. Top motivators for peer-to-peer participants include:

Teams & Networks

- Recruit exceptional supporters to be Team Captains
 - Encourage Team Leaders to Communicate to their team on behalf of the organization (Team Captain Playbook)
- Feature Teams and Groups on Leaderboards
- Showcase healthy competition between teams, groups, or individuals

COMPETITION PAGES

Competition can be good and it for sure can increase those fundraising dollars! It's one thing to enter into a friendly fundraising competition, but for those who are looking for that extra little push (and a bit of fun) between teams and/or individuals, have your own personal competition page created.

The competition page can be between two teams or two individuals (both will need to be registered to participate)

Option to use the page's graphic/picture or have another picture uploaded

Customized URL to promote and collect donations

Option to include text with your competition page (general message, why you're competing, etc.) - this is optional and not necessary to participate

[<< CLICK HERE FOR AN EXAMPLE COMPETITION PAGE >>](#)

Want to have your own page created? Email Nathan Smith at n.smith@carolinarain.org and let him know who you want to compete with and he will get you set up.

Engaging your participants
by communicating through
recognition

Milestones & Badges

- Create Milestones for your participants to reward their efforts
- Badges that appear on participant pages are a huge motivator for participants
- Send an email when the participant reaches that milestone to notify and reward them!

Arming your Participants
with Tools for Success

69%

of peer-to-peer participants identified that they've
faced barriers when fundraising

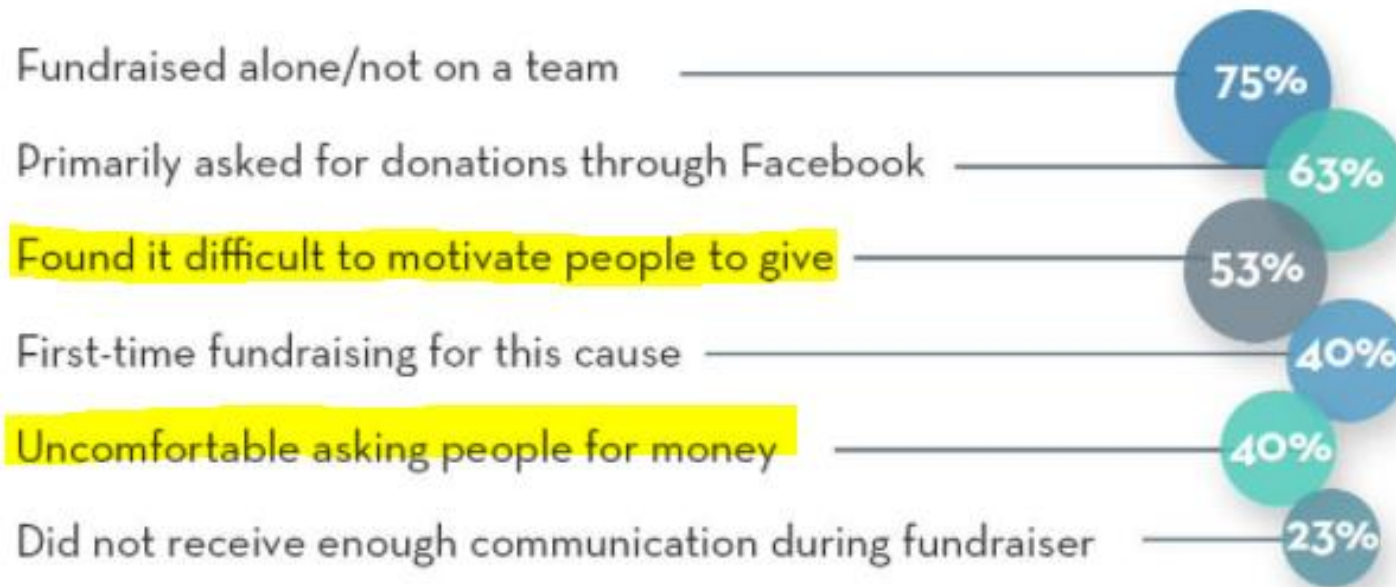

OneCause Giving Study, 2020

Raise[®]
2021

Participant Barriers

- The top reported challenges for peer-to-peer participants are:
 - **Uncomfortable** asking people for money.
 - Difficult to **motivate** people to give.
 - **Lack** of resources and message templates.
 - Fundraising software were **difficult** to use.
 - Didn't receive adequate **support**.
 - **No access** to fundraising tools or software.
 - Goal was **too high**.

According to the Social Fundraiser study, those who did not meet their fundraising goal had these characteristics:

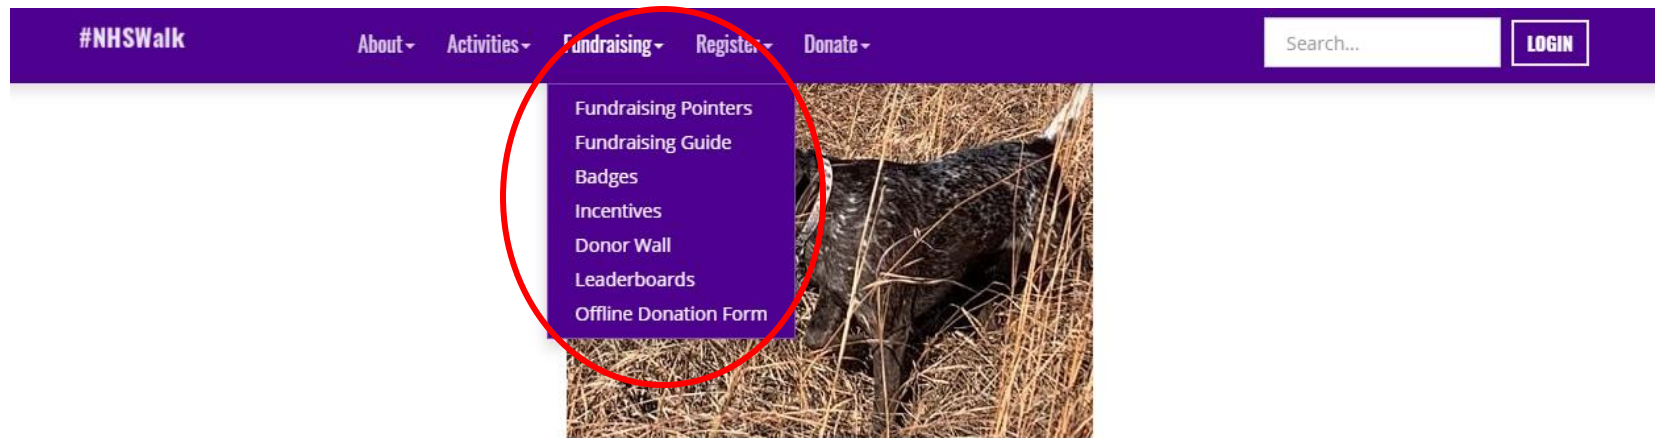

Tool Kit

- Remember: Your participants aren't professional fundraisers
- Sharing your facts, stories and statistics also can spark your fundraiser to talk more about how your organization impacts them specifically.
- Can re-use this tool-kit year over year and tweak slightly

Tools to Include:

- Your organization's mission
- Sample social media posts
- Letter-writing template
- Statistics about the work you do
- Links to resources on your website
- Fundraising ideas
- Incentives for reaching certain levels of fundraising

Fundraising Point(ers)!

Check out our Fundraising Guide!

Take a look at our comprehensive guide to help you fundraise and reach your goal! It is filled with fun ideas and helpful tips. [Click here](#) to check it out and feel free to share with others.

Tools to Include:

- Your organization's mission
- Sample social media posts
- Letter-writing template
- Statistics about the work you do
- Links to resources on your website
- Fundraising ideas
- Incentives for reaching certain levels of fundraising
- Break down the numbers-what can they do to raise \$XX in a week
