There was an atmosphere that really sets Raise apart from other conferences. You have changed my idea of what a conference can be.

I loved interacting with the speakers and sponsors, and being able to talk to everyone after their sessions.

What an amazing conference! Totally walking tall today as a sponsor. Just from hearing all the stories and getting to see first-hand of what we do everyday makes a difference to nonprofits. I love this partnership and cherish these Raise friendships!

Raise provided great networking, intro to wonderful & exciting nonprofits, great people all around and fun events! Thank you again for including us!
